

# Meeting the Mystics Series

*A monthly gathering at the Journey Center.*

Throughout the past 2,000 years, men and women have been called to the mystical path of ever-deepening relationship with the Divine and have encouraged followers of Christ to engage more and more fully with Holy Mystery.

**Saturday, September 18, 10 a.m. to Noon**

**The Expanded Moment:**

**Art and Spirituality in the Protestant Tradition**

Join us for an exploration of how a distinct Protestant spirituality has found positive expression in both art and mystical literature. We will view luminous artwork by Dutch masters Rembrandt and Vermeer side by side with writing of the German mystic, Jacob Boehme, who saw divinity in a blade of grass.

Guest facilitator Dr. Bruce Elliott teaches courses on History and Art through Sonoma State, Dominican University and Stanford Continuing Studies.

Cost: \$10 donation

In this series, we will be inviting speakers to introduce us to these contemplative ancestors of ours. In each session we'll learn about a particular mystic, experience a practice that supported them in their journey, as well as have time for personal reflection and sharing.
